

Information Notice to Residents regarding November and December Fixtures at Aviva Stadium in 2024

Road Closures:

Roads will close approximately 2 hours before kick-off, and will reopen approximately 1 hour post final whistle.

The normal match day traffic cordon will be established at the following locations with all closures controlled by An Garda Síochána:

Lansdowne Road, Shelbourne Road, Bath Avenue, Newbridge Avenue, Herbert Road, Lansdowne Lane, Lansdowne Park.

Access will be maintained for residents in so far as it is safe to do so, on production of valid driving licence and/or proof of address. It may be necessary to exclude all traffic from the above roads if the volume of pedestrian traffic is such as to be unsafe to allow vehicular traffic access. This may occur prior to the event when patrons are entering the stadium or after the event when patrons are exiting the stadium. Residents in possession of a valid parking permit may park temporarily outside of the cordon while road closures are in place.

All relevant traffic restrictions and timings will be available on www.garda.ie.
